Brass Crafting Masters

Brass handling is the history and foundation of Castro Lighting. The entire production process is made in the brands' own factories in Portugal. Experienced craftsmen work to keep the tradition of brass crafting alive, being our responsibility to inspire and empower future generations to keep the tradition alive.

Meet Arcade Collection

To pay tribute to the associated trendy game machine, the so popular, back in the day, Arcade game, Castro Lighting's created this fascinating handmade suspension lamp. Just as these games transported us to new dimensions of fun and adventure, let this collection illuminate your journey of endless possibilities. It's a radiant reminder that the spirit of innovation can transform ordinary moments into extraordinary experiences.

An ethereal design with simple beauty.
